

Lash Extension Catalogue

Lux Lash \$30

Lux lashes are added to the lash line in a 1:1 ratio, meaning that a false one is applied for every natural lash. This creates a natural and timeless look.

Curious \$35

Curious lashes involve applying a fan of multiple lightweight extensions to each lash. This creates a fluffier, more voluminous effect.

Boss babe \$40

BB lashes represent a combination of Lux Lash and Curious lashes offering a textured and multidimensional appearance. This style is a Balance of Drama and a Natural Look and for people who desire the best of both worlds.

Addiction \$45

Addiction extensions combine closed fans of various lengths and curls with individual lashes or extensions. That way, your lashes will be feathery and have noticeable spikes. Wavy lashes are extra fluffy. They are ideal for girls who like their eyelashes to stand out and have a dramatic effect.
